Primer on the Science and Economics of Ocean Acidification; Sightline Institute:  
<http://www.sightline.org/research/energy/ocean-acidification/northwest-ocean-acidification/OA-primer.pdf>

Climate Solutions: Climate Solutions works to accelerate practical and profitable solutions to global warming by galvanizing leadership, growing investment and bridging divides. Since 1998, Climate Solutions has pioneered the vision and cultivated political leadership in the Northwest for the proposition that clean energy and broadly-shared economic prosperity can go hand-in-hand. Through our *Business Leaders*, *New Energy Cities*, and *Harvesting Clean Energy* programs, Climate Solutions builds a powerful constituency for local, regional and national action on climate and clean energy. <http://climatesolutions.org/>
